SUPPLEMENT TO PETITION FOR LEAVE TO AMEND

The Radio Ministries Board of Victory Christian Center Assembly of God, Inc. (the "Radio Board"), by counsel, hereby supplements its amendment filed May 29, 1992 to include the attached materials. On May 29, the Radio Board filed a petition for leave to amend and amendment specifying a new transmitter site and submitting a new engineering proposal. On Friday, June 5, 1992, the Radio Board was advised informally, by the Commission's Hearing Branch, that it appeared some prohibited overlap to an Effingham, Illinois station could result from the Radio Board's amended proposal. In response to the Hearing Branch's concern, the Radio Board's consulting engineer immediately reviewed the proposal and prepared the enclosed supplement which slightly modifies the directional antenna system proposed in the Radio Board's May 29 amendment.

WHEREFORE, it is requested that the Petition for Leave to Amend filed May 29, 1992 by the Radio Ministries Board of Victory Christian Center Assembly of God, Inc., as supplemented herein, be GRANTED and its amendment, as modified herein, be ACCEPTED.

Respectfully submitted,

THE RADIO MINISTRIES BOARD
OF VICTORY CHRISTIAN CENTER

AMENDMENT

The Radio Ministries Board of Victory Christian Center Assembly of God, Inc.

hereby modifies its amendment filed May 29, 1992 to submit the attached materials.

Executed this 5th day of June, 1992.

**MODIFICATION TO AMENDMENT TO
APPLICATION FOR CONSTRUCTION PERMIT**

The following engineering statement and attached exhibits have been prepared for The Radio Board of the Victory Christian Assembly of God, Inc. and contain a modification to an application recently filed as an amendment to an application for construction permit.

The Commission has notified the applicant that the amendment may cause a minor amount of interference to WCRC in Effingham, Illinois. The interference appears to be caused by evaluation of radials between 10° increments of azimuth. To eliminate any possible interference, the applicant proposes to slightly modify the directional antenna system proposed. The new horizontal plane pattern and data are attached.

The preceding statement and attached exhibits have been prepared by me or under my direction and are true and correct to the best of my knowledge and belief.

Donald L. Markley, P.E.

Subscribed and sworn to before me this 5th Day of June, 1992.
